

Windmill Health Centre
CT Audit November 2020

Pt No	Summary	What was CT Requested For	Who made request	Did patient meet TWR criteria	?ACE	Results	What happened afterwards	Was initial request right thing to do	Was a more appropriate course of action
1	CT Abdo for abnormal US scan > TWR done at same time.	Given history of UTI urology review and abdomino-pelvic CT is suggested to further assess.	GP on recommendation of radiology and did TWR at same time	Yes	No	Abnormal	Urology requested CT and no further action needed	Let TWR happen	Simple TWR
2	Radiology Recall	Abnormal CXR	GP on recommendation of radiology						
3	Radiology Recall	Abnormal CXR	Radiology	Yes	No	Abnormal	Confirmed malignancy	Yes	No
4	Radiology Recall post CXR	Abnormal CXR	Radiology	Yes	No	Abnormal	Confirmed malignancy	Yes	No
5	Adrenal CT recommended by radiology post US scan for incidental adrenaloma > no further action needed.	Abnormal Usscan	GP on recommendation of radiology	No	No	Abnormal	Nil - confirmed incidentaloma > adrenal MDT reviewed and discharged	Yes	No
6	Post Usscan radiology recommended to exclude mets	Abnormal Usscan	GP	ready under u	No	Abnormal	Remains under urology	Yes	No

Windmill Health Centre
CT Audit November 2020

7	Not organised by us > through LTHT	Abnormal CXR	LTHT	Yes	No	Abnormal	Confirmed malignancy	Yes	No
8	Surgical team requested us to check > OK.	RIF abdominal pain	GP at request of surgical consultant	No	No	Normal	Nil pt settled	Yes	No
9	Abnormal LFTs? Pancreatic insufficiency	Abnormal LFTs ?pancreatic pathology/Referred to hepatology at same time	GP	No	No	Normal	S/b hepatology	Yes	No
10	Radiology Recall post CXR	CT is advised for further evaluation. Report sent to GP to ensure further investigation	GP at request of radiology	Indeterminate so	No	Abnormal	Resp team (not TWR)	Yes	No

Recommendations

1. If radiology recommend further imaging then THEY should organise it as to much confusion as to who to do it
2. The ACE clinic would not have helped in any of these cases
3. Most of these were GPs doing at request of radiology
